

FEATURES

- PTZ Outdoor Kit, Heater, Blower, & Sun Shield
- (Requires VT-PTHSG. Sunshield, & H/B only)

This Xpress Dome accessory was designed to enhance the environmental tolerance of the Xpress Dome PTZ when used in inclement weather. It comes complete with a Sunshield to buffer the heat from the sun keeping the housing cooler in extreme heat and a Heater/Blower with thermostat which keeps the PTZ Camera within operating temperature in freezing climates. It must be used in conjunction with a VT-PTHSG IP-66 Rated Xpress Dome Housing.
